North American Shetland Sheepbreeders Association Postal Registration Application
You must submit a NASSA work order along with this form

Breeder Name: _____   Flock #: _____   Flock Prefix: _____

Office Use Only	Breeder or Scrapie Tag, Tatoo, Microchip…	Name (*)	Sex	Date of Birth	Single or Twin	Color (see Chart)	Markings (see Chart)	Sire: Reg # and Name	Check if AI used	Dam: Reg # and Name

(*) Names will be automatically prefixed by the breeder's flock prefix. See NASSA Registration Rules, and Colors and Markings chart on the second page of this form. If sheep are to be transferred to another owner, please list the necessary information on the reverse side of this sheet. Breeders may submit computer-generated reports in lieu of filling in this form provided that all information is included. Attach listing to this form and sign below.

I verify that these sheep conform to the 1927 Shetland Breed Standard, found on the NASSA website, or in the NASSA Handbook. By submitting this form, I certify that the information supplied is correct and the sheep conform to the 1927 Shetland Sheep Breed Standard. Complete a NASSA work order form and mail with proper payment according to the work order.

130-Snaelet
131-Yuglet

There are shades between these main colors; for example, a very pale fawn or musket, etc. Select the closest color from the list. If uncertain, use the more general "moorit" for varying shades of brown and "grey" for shades of grey.
   Use the official number for any color and markings. If unsure, describe the markings and attach to the registration.
   For complete descriptions of colors and markings, please refer to the Color and Markings Chart.
